Datasheet

HP Pro Tablet 408 G1

Stay connected away from your PC with this thin and light 8-inch diagonal business tablet at an entry level price. Keep business moving with quick, reliable access to applications and a portfolio of optional mobile accessories to help keep you productive.

HP recommends Windows.

- Windows 8.1[1]
- Screen Size: 8-inch diagonal

Affordable, reliable business mobility

- Keep business moving with the affordably priced 8-inch diagonal business tablet that endures 115,000 hours of rigorous HP durability testing.

Worry-free mobility for your workforce

- Help secure and manage your data, device, and identity with business-class, TPM-based data encryption and standard manageability features from HP Touchpoint Manager.[2]

Enhance your experience

- Help maximize mobile productivity with an ecosystem of optional accessories, software, and services from HP. Customize your tablet to fit your needs with several optional keyboards, cases, and connectivity adapters.

Dependable productivity at hand

- Connect and create with a bright HD touch display and full Windows 8.1[1] Pro experience. Powered by an Intel® Atom™ Quad Core processor,[3] long battery life, and up to 2GB of memory, you have the performance you need to get the job done.

Featuring

- Stay connected wirelessly with dual-band WLAN[4] or optional 3G WWAN.[5]
- Easily share your internet connection with colleagues to get productive fast.[6]
- Collaborate using Micro-HDMI or WiDi[7] connections to projectors and displays.
- Capture business in high-definition with front or powerful rear camera with LED flash.
- Enjoy a familiar computing experience with accessories[8] that fit your needs.
- GPS/AGPS and ambient light help bring convenience and comfort to your day.
- With TPM 2.0, your critical data is protected.
- Manage data, security, and devices from a single cloud-based solution with HP Touchpoint Manager.[2]

HP recommends Windows.

Product number: UL653E

HP recommends Windows.

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com.
[2] Some Touchpoint Manager features require purchase of a subscription.
[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

[4] WLAN requires wireless access point and internet service, sold separately. Availability of public wireless access points limited.
[5] WWAN is an optional feature and requires factory configuration. Broadband connection requires wireless data service contract, network support, and is not available in all areas. Contact service provider to determine the coverage area and availability. Connection speeds will vary due to location.
[6] The wireless hotspot application requires an active internet connection and separately purchased data plan. While HP Wireless Hotspot is active, on-device applications will continue to work and will use the same data plan as the wireless hotspot. Wireless hotspot data usage may incur additional charges. Check with your service provider for plan details. Requires Windows 8.1 or HP Connection Manager for Windows 7.
[7] Integrated Intel Wi-Di feature requires separately purchased projector, TV or computer monitor with an integrated or external Wi-Di receiver. External Wi-Di receivers connect to the projector, TV or computer monitor via a standard HDMI cable, also sold separately.
[8] Sold separately or as an optional feature.

Technical Specifications Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com.
[2] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
[3] For storage drive, GB = 1 billion bytes. Actual formatted capacity is less. Up to 6 GB (for Windows 8.1) is reserved for system recovery software.
[4] Wireless access point and Internet service required and not included. Availability of public wireless access points limited.
[5] High definition (HD) content is required to view high-definition images.
[6] HP ePrint Requires an internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting
[7] The HP Wireless Hotspot application requires an active internet connection and separately purchased data plan. While HP mobile hotspot is active, on-device applications will continue to work and will use the same data plan as the mobile hotspot. Mobile hotspot data usage may incur additional charges. Check with your for plan details.
[8] Some Touchpoint features require purchase of Pro Package subscription
[9] HP Mobile Connect is available in EMEA only and requires a compatible CDMA or HSPA mobile broadband module and prepaid service purchase. Find coverage and availability for your service area at www.hp.com/go/mobileconnect. Fearless Roaming is available in UK, Ireland, Belgium, Luxembourg, Netherlands, France, Germany, Spain, Austria, Switzerland and Poland.
[10] 1-Year Office 365 Personal subscription included.on select models. Don't forget to activate within six months of Windows activation. Office 365 Personal edition software may not be used for commercial, non-profit or revenue-generating activities.
[11] HP Password Manager requires Internet Explorer or Chrome. Some websites and applications may not be supported. User may need to enable or allow the add-on / extension in the internet browser.
[12] HP File Sanitizer is for the use cases outlined in the DOD 5220.22-M Supplement. Does not support Solid State Drives (SSDs). Initial setup required. Web history deleted only in Internet Explorer and Firefox browsers and must be user enabled. With Windows 8.1, user must turn off Enhanced Protection Mode in IE11 for shred on browser close feature.
[13] HP Automatic DriveLock will work on another HP Business PC when the BIOS passwords are the same. Requires user set up.
[14] HP Tools partition with an HP BIOS required for automatic recovery.
[15] Firmware TPM is a subset of the TPM 2.0 specification version v0.89 as implemented by Intel Platform Trust Technology (PTT).
[16] For HP DriveLock Self Encrypting HDs (SEDs) are not supported if the encryption PIN is enabled.
[17] External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.
